

INT. SCHOOL - DAY

1

DOUG walks into a room with a stuffed bunny in a baby carrier.

There are two other people in the room. John and Philip. Philip is eating Doritos.

PHILIP

Why do you have a bunny

DOUG

This is horror movie club right? I like to watch horror movies with my toy bunny, Bugles.

PHILIP

(rolls eyes and looks at John)  
Is that DVD player set up yet?

JOHN

Almost

John plugs the DVD player into an electrical outlet and the lights go out for a few seconds. The hum roars from a generator and the lights come back on. When the lights come back on John is standing up.

PHILIP

You blew a fuse!

John ducks under a table to check the cords

DOUG

AAAAAAHHHHH!

JOHN

(Doug's scream makes john hit his head on the table)  
What is it Doug?

DOUG

Bugles!

Bugles body is headless in in the baby carrier.

PART II

DOUG locks the door to the room

DOUG

Everyone here is a suspect!

PHILIP

There's only three of us.

JOHN

Yeah I bet you would say that.

PHILIP

What's that supposed to mean

JOHN

C'mon, y'know you did it.

PHILIP

Why would I do it, I've been eating chips.

DOUG

AHA! I have evidence!

DOUG places a pair of scissors, a red ribbon, and a leather glove on the table

DOUG

This is evidence!

PHILIP

No it's not. This is a school classroom. What makes you so sure that those belong to the head ripper?

DOUG

It was right under the table were Bugles was murdered

PHILIP

You do know he's not alive, right?

DOUG

And look at this, his fuzz is on the scissors, and there's cheese dust on this glove. There's also cheese dust on Bugles neck stub

JOHN

HAHA! I knew it was you that cheese dust proves it!

DOUG

Not so fast! The cheese dust just proves the killer used this glove. If the glove fits, you must acquit!

JOHN  
alright, you go first PHILIP

PHILIP tries to fit the glove on his hand but it can't fit.

DOUG  
Now it's your turn

DOUG slips the glove on JOHN easily.

DOUG  
You did it John! You dipped this glove  
in his Doritos to frame him for murder  
and then you chopped off bugles head!  
But WHY!!!

JOHN  
Fine. I did it. I did it because I  
think it's stupid that you love that  
dumb bunny so much. But i didn't want  
to ruin our friendship by chopping off  
its head

DOUG  
Well, too bad. You made your choice,  
and now you'll pay for it.

DOUG picks up the scissors chases JOHN outside, when they run  
out of the room we hear screams and stabby sounds.

PHILIP stays inside and eats his chips.
